November 16, 2010

To the Mayor, City Council, and Residents of the City of Riverton,

The Comprehensive Annual Financial Report (CAFR) of the City of Riverton for the fiscal year ended June 30, 2010, is hereby submitted. State law requires that all local governments publish, within six months of the close of each fiscal year, a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants.

This CAFR has been prepared by the City's Finance Department. Management assumes full responsibility for the completeness and accuracy of the information presented in this report. To provide a reasonable basis for making these representations, management of the City of Riverton has established a comprehensive internal control framework that is designed both to protect the government's assets and to compile accurate and reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

As required by State law, Riverton City's financial statements have been audited by Jensen & Keddington, P.C., a firm of certified public accountants. The goal of the independent audit was to provide reasonable assurance that the City's financial statements, for the fiscal year ended June 30, 2010, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation.

The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the City's financial statements for the fiscal year ended June 30, 2010, are fairly presented in conformity with GAAP. The independent auditor's report is included as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the report of the independent auditors.

## Government Profile

Riverton was incorporated as a City of the Third Class on July 3, 1967. The City is governed using a Council-Mayor form of government with City Manager by ordinance. Legislative powers are vested in the five-member Council, while executive powers lie with the Mayor. The Mayor is elected to serve the citizens at large; the Council Members are elected by voting districts. All elected officials serve four-year terms which are staggered every two years (three Council seats in one election, two Council seats and the Mayor in the next election). The City Manager is responsible for the day-to-day operations of Riverton City and is responsible for the employees of the City. The City Manager and Department Heads comprise the senior staff team which recommends priorities to the Mayor and Council.

The City provides a full range of services to its residents and businesses. General governmental services provided by the City include police protection, building inspection, construction and maintenance of roadways and parks, as

well as recreation and cultural events. The City also provides utility services for culinary water, secondary water, sanitation, and street lighting.

The boundaries of the City cover 12.6 square miles with a population of 40,000 with a potential for approximately 53,000 at build-out.

### **Factors Affecting Financial Condition**

Riverton is located in the southwest corner of Salt Lake County and is positioned between major existing and planned transportation infrastructure, including the Bangerter Highway, Mountain View Corridor, and transit. Fortunately, several large retailers opened in Riverton prior to the onset of the nationwide economic downturn. The sales tax contributions provided by these retailers have helped provide stable support for Riverton's core municipal services and the local economy.

Two large employers have recently settled in Riverton; Intermountain Health Care Riverton Hospital opened in November 2009 and the Church of Jesus Christ of Latter-Day Saints (the Church) has purchased the Intel building and will employ nearly 1,000 Information Technology (IT) positions in the City. Having a major medical facility, as well as the Church's IT staff, in the City will greatly increase the daytime population and have a positive impact on the economic activity in Riverton.

During the year, cash was invested in the Utah Public Treasurer's Investment Fund which is governed by the Utah State Money Management Act. The City has minimized the concern about uninsured or uncollateralized deposits by following the requirements of the Utah State Money Management Act.

The City has taken a conservative approach with respect to incurring debt. Except for major capital projects for which the City has issued bonds, a pay as you go approach is almost always used. The Council has opposed using one-time monies for operational expenditures. Rather, one-time funding sources are used for the acquisition of assets which will provide long-lasting benefits for the City.

Employee compensation and benefits are a substantial portion Riverton City's budget. Riverton, like most employers, has experienced substantial increase to health care costs in the past few years. To mitigate the high cost of health insurance, the City reviews health insurance proposals on a regular basis. The City also encourages its employees, through City-sponsored healthy life style initiatives, to improve their own health which will result in lower health care costs. The City pays unused compensatory time and vacation accrual balances at termination, however, the City does not provide any post retirement benefits.

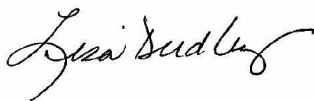

Riverton City is insured with Utah Local Governments Trust for general liability, property, and workers' compensation insurance. The City has implemented employee safety training programs and other measures to help with risk management.

### **Acknowledgements**

This report has been prepared to strictly follow the guidelines recommended by the Government Finance Officers' Association (GFOA) and has been submitted to determine its eligibility for a Certificate of Achievement.

The preparation of this report on a timely basis could not have been accomplished without the efficient and dedicated service of the entire staff of the Finance Department. Each member of the Department has our sincere appreciation for the contributions made in the preparation of this report. In closing, we express our sincere thanks and appreciation to Mayor Bill Applegarth and members of the City Council and City Manager Lance Blackwood for their dedication to the City of Riverton and their leadership and support of City Staff.

Sincerely,

Lisa Dudley  
Finance Director

Kevin Hicks  
Accounting Services Manager

# Certificate of Achievement for Excellence in Financial Reporting

Presented to

Riverton City Corporation  
Utah

For its Comprehensive Annual  
Financial Report  
for the Fiscal Year Ended  
June 30, 2009

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

## INDEPENDENT AUDITOR'S REPORT

### Jensen & Keddington, P.C.

Certified Public Accountants

Jeffrey B. Jensen, CPA  
Gary K. Keddington, CPA  
Brent E. Christensen, CPA  
Jeffrey B. Hill, CPA

Honorable Mayor and  
Members of City Council  
Riverton City Corporation  
Riverton, Utah

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Riverton City Corporation as of and for the year ended June 30, 2010, which collectively comprise the City's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Riverton City Corporation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business type-activities, each major fund, and the aggregate remaining fund information of Riverton City Corporation as of June 30, 2010, and the respective changes in financial position, and where applicable, the cash flows thereof and the respective budgetary comparison for the General Fund and the Major Special Revenue Fund for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2010 on our consideration of Riverton City Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis, as noted on the table of contents, is not a required part of the basic financial statements but is supplementary information required by the accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Riverton City Corporation's basic financial statements. The introductory section, supplementary information, as listed in the table of contents and the statistical section are presented for the purpose of additional analysis and is not a required part of the basic financial statements.

The Combining Statements and budgetary comparisons as listed as supplemental information in the table of contents have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied in the audit of the basic financial statement and, accordingly, we express no opinion on them.

*Jensen & K. Edgington*

November 15, 2010

**RIVERTON CITY CORPORATION**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS**  
**For The Year Ended June 30, 2010**

As management of Riverton City Corporation (the City), we offer readers of the City's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended June 30, 2010. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal.

**Financial Highlights**

The assets of the City exceeded its liabilities at the close of 2010 by \$254.6 million. Of this amount, \$18.9 million is available to meet ongoing obligations to citizens and creditors.

The City's Governmental Activities had decreases in revenue of \$13.7 million from fiscal year 2009 to \$17.2 million. During the same period expenses increased from \$14.3 million to \$16.1 million. During fiscal year 2009, the City received capital grants and contributions for roadway projects including right of way acquisitions; the actual land acquisitions and construction of those projects began in fiscal year 2010, subsequent to the financial awards.

The City increased net assets in Governmental Activities by \$944 thousand compared to \$16.7 million during fiscal year 2009. Net asset increased in Business Activities by \$2.8 million compared to \$5 million during fiscal year 2009.

The unreserved and undesignated fund balance of the General Fund at June 30, 2010, was \$1.5 million or 17.7% of the ensuing budget year's non-restricted General Fund revenue. State limits this amount to 18%. The City is in compliance with State Law fund balance limits.

**Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements. Riverton City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves that will help the reader to gain a more in-depth understanding of the City.

**Government-wide Financial Statements**

The government-wide financial statements are designed to provide readers with a broad overview of the City's financial position and changes in financial position, similar to consolidated financial statements in a private sector business. The statements consist of the Statement of Net Assets and the Statement of Activities.

The Statement of Net Assets presents information on all of Riverton City's assets and liabilities, with the difference between the two reported as net assets. Increases or decreases over time in net assets gives an indicator as to whether the financial condition of the City is improving or declining.

The Statement of Activities presents information showing how the City's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses reported in this statement for some items will result in cash flows in future fiscal periods (e.g., debt interest payment when the fiscal year ends between interest payments).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (Governmental Activities) from other functions that are intended to recover all, or a significant portion, of their costs through user fees and charges (Business-type Activities). The Governmental Activities of the City include general government, highways and public improvement, public safety

**RIVERTON CITY CORPORATION**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**For The Year Ended June 30, 2010**

(police), streets, planning and economic development, and parks and recreation. The Business-type Activities of the City include culinary water, secondary water, sanitation, and street lighting.

The government-wide financial statements include not only the City (the primary government), but also a legally separate component unit, the Redevelopment Agency of Riverton City, for which the City is financially accountable. Financial information for this blended component unit is presented with the financial statements for the City.

The government-wide financial statements are found immediately following this discussion and analysis.

**Fund Financial Statements**

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Some funds are required to be established by State law and bond covenants, however, City Council establishes other funds to help control and manage money for particular purposes (i.e. REDIIF). All of the City's funds can be divided into two categories: Governmental Funds and Proprietary Funds.

**Governmental funds**

Most of the City's basic services are reported in governmental funds, which focus on how money flows into and out of those funds and the balances left at year-end are available for spending. The funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental funds statements provide a detailed short-term view to cash, the governmental funds operations and the basic services it provides. Governmental funds information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the City's programs. We describe the relationship (or differences) between governmental activities (reported in the Statement of Net Assets and the Statement of Activities) and governmental funds in reconciliations after the fund financial statements.

**Proprietary funds**

When the City charges customers for the services it provides, these services are generally reported in proprietary funds. Proprietary funds are reported in the same way that all activities are reported in the Statement of Net Assets and the Statement of Activities. In fact, the City's enterprise funds (a component of proprietary funds) are the same as the business-type activities we report in the government-wide statements but provide more detail and additional information, such as cash flows, for proprietary funds.

**Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found immediately after the statements for major funds.

**Other Information**

In addition to the basic financial statements and accompanying notes, this report also presents the combining statements referred to earlier in connection with non-major Governmental Funds. Combining and individual fund statements and schedules can be found after the notes in the financial section.

**RIVERTON CITY CORPORATION**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**For The Year Ended June 30, 2010**

**Government-wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of Riverton City, assets exceeded liabilities by \$254.6 million at the close of 2010.

The City uses these capital assets to provide services to residents; consequently these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities. Unrestricted net assets may be used to meet the City's ongoing obligations to residents and creditors.

The City continues to report positive balances in all three categories of net assets, for the government as a whole, as well as for its separate Governmental and Business-type Activities.

	Governmental Activities 2010	Governmental Activities 2009	Business-type Activities 2010	Business-type Activities 2009

**RIVERTON CITY CORPORATION**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**For The Year Ended June 30, 2010**

Total revenue for Governmental Activities exceeded program expenses by \$944 thousand for FY 2009-10. The following illustrates the Governmental Activities revenues and expenses.

**Expenses and Program Revenues - Governmental Activities**

**Revenues by Source - Governmental Activities**

**RIVERTON CITY CORPORATION**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**For The Year Ended June 30, 2010**

**Business-type Activities**

Total revenue for Business-type Activities exceeded program expenses by \$2.8 million for FY 2009-10. The following illustrates the Business-type Activities revenues and expenses.

**Expenses and Program Revenues - Business-type Activities**

**Revenues by Source - Business-type Activities**

**RIVERTON CITY CORPORATION**  
**MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)**  
**For The Year Ended June 30, 2010**

**Financial Analysis of the Government's Funds**

The City's Governmental Funds are accounted for using the modified accrual basis of accounting. The governmental funds provide information on the short-term resource inflows and outflows and account balances at the end of the fiscal year. The total fund balance is a measure of total available resources and the unreserved portion of this total fund balance is a measure of the available resources at June 30, 2010.

As the City completed the year, its Governmental Funds reported a combined fund balance of \$25.8 million, which is a decrease of \$9.3 million compared to the prior fiscal year. Of that available fund balance, \$1.5 million was unreserved and undesignated. The remaining \$24.3 million combined fund balance total is reserved and designated and is not available for new spending because it is already committed for the following purposes: (1) debt, (2) capital projects, and (3) future development.

The General Fund accounts for all of the general services provided by Riverton City. At June 30, 2010, the unreserved fund balance of the General Fund was \$1.5 million. The current General Fund unreserved fund balance is 17.7% of the non-restricted General Fund revenue. Given the current economy, the City's General Fund ended FY 2009-10 in a strong financial position.

The Capital Projects funds have a total fund balance of \$17.3 million at June 30, 2010, all of which is either reserved for restricted assets or designated for unfinished projects.

**General Fund Budgetary Highlights**

Differences between the original and final amended budgets amount to a total increase in appropriations of \$358 thousand. Several general fund department budgets were adjusted during the year, however the two largest adjustments were for maintenance of roadways and parks. Revenue lines that were above budget were also adjusted during the year to help offset the increases in maintenance allocations.

For the General Fund, the budgeted revenues were \$8.7 million. Actual revenues were \$9.1 million.

Budgeted expenditures for the General Fund were \$10.9 million. Actual General Fund expenditures totaled \$10.2 million. General government expenditures include all administrative functions of the City (i.e. Council, Mayor, Recorder, Manager, Finance, Attorney, Purchasing, I.T., Municipal Facilities, and Planning).

All recommended amendments for budget changes came through the Finance Department, to City Council via Resolution as required by State Statute. The statute requires public hearing and the opportunity for public discussion. The City, per State law, does allow small intra-departmental budget changes that modify line items within departments within the same fund.

**Capital Assets and Debt Administration**

The City's investment in capital assets for its government and business-type activities combined totaled \$255.9 million net of combined depreciation and amortization at June 30, 2010. Types of assets included in this category are land, land improvements, buildings, machinery and equipment, park and other recreation facilities, roads (including curb, gutter, and sidewalk), street lights, traffic signals, and water distribution systems. Note #6 addresses the City's investments in capital assets.

The financial statements, along with note #10, provide a summary of the City's long-term debt.

At June 30, 2010, Riverton City's bonded debt amounted to \$37.2 million. All of the City's bonded debt is known as revenue bonds and is secured by specific revenue sources. Riverton City has \$21.4 million of Sales Tax / Franchise Tax Revenue Bonds and \$15.8 million of Water Revenue Bonds.

**Economic Factors**

Economic growth in Riverton City is flat owing to the general downturn in the national and state economies. Fortunately, several large retailers opened in The City prior to or concurrent with the onset of economic difficulties, and the sales tax contributions of these retailers have helped provide stable support for The City's core municipal services. Conflicting expert opinions exist about the timing of economic recovery, but it is reasonable to believe that the mix and market configuration of The City's retail base will continue to provide a fairly predictable and reliable point-of-sale revenue stream.

When an economic recovery occurs, The City is well positioned to be a primary beneficiary in the southwest region of the Salt Lake Valley. One reason for this is The City's unique proximity to existing or planned major transportation infrastructure, including the Bangerter Highway, Mountain View Corridor, and transit. Not only does The City enjoy a superior location relative to these facilities, but there is a confluence of these facilities that occurs only in The City. Another reason The City will benefit when the recovery occurs is that the population in this area of the valley is expected to rapidly grow, providing a wealth of new customers for expanded regional commercial development.

Although commercial construction has slowed in The City, a few recent or near-future openings of note include, In-N-Out Burger, Jumbo Burger, and Jim's Family Restaurant. Two national retailers have also reportedly signed leases to open stores in The City adjacent to Kohl's.

During the fiscal year ending June 30, 2010, The City issued 237 building permits, down from the all time high of over 1,000 issued in the fiscal year ending June 30, 2006. This is consistent with the general economic downturn occurring nationally and within the state of Utah. When adjusted for seasonal variables, The City's building permit activity so far in the fiscal year beginning July 1, 2010 is running about even with the previous fiscal year.

# *Governmental Fund Financial Statements*

## **General Governmental Funds**

The General Fund is the City's primary operating fund. Taxes, licenses, permits and fees for services are the financing sources for this fund.

## **Capital Improvement Funds**

Impact Fee Funds are used to track revenue and expenditures relating to capital improvements to infrastructure which are attributable to growth from new development within the City. The Capital Improvements Fund (CIF) is used to account for capital projects which are ineligible to be financed with impact fees. Riverton Economic Development Infrastructure and Investment Fund (REDIIF) is funded by franchise fees and designated for economic development throughout Riverton City.

## **Special Revenue Fund**

The Redevelopment Agency is accounted for as a special revenue fund. The RDA project area generates tax increment which is used to finance infrastructure and other improvements within the project area.

**RIVERTON CITY CORPORATION**  
**RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND**  
**CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE**  
**STATEMENT OF ACTIVITIES**  
**For The Year Ended June 30, 2010**

**Amounts reported for governmental activities in the Statement of Activities  
are different because:**

<b>Net Change in Fund Balances - Total Governmental Funds</b>	<b>\$ (9,270,606)</b>
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, assets with an initial cost of more than \$5,000 are capitalized and the cost is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	
Capital outlay	8,716,816
Depreciation expense	(3,234,602)
The net effect of various miscellaneous transactions involving capital assets (ie., sales, trade-ins, and donations) is to decrease net assets.	
Asset deletions	(520,179)
Depreciation deletions	258,097
Contributed assets are not recorded in governmental funds due to no current resources being expended in the acquisition of such assets. The Statement of Activities will record these contributed assets at their estimated fair value on the date of contribution.	3,841,174
Amortization of deferred charges and bond premiums, reported on the Statement of Activities, do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Deferred charges	(24,498)
Bond premiums	35,514
Bond proceeds provide current financial resources to governmental funds by issuing debt which increases long-term liabilities in the Statement of Net Assets. Repayments of bond principal are expenditures in the governmental funds, but reduce liabilities in the Statement of Net Assets.	
Payment of bond principal	1,175,000
Expenses are recognized in the governmental funds when paid or due; however, the Statement of Activities is presented on the accrual basis and expenses and liabilities are reported when incurred, regardless of when financial resources are available or expenses are paid or due. This adjustment reflects the changes due to accrued interest on bonds payable and compensated absences.	
Accrued interest	3,792
Compensated absences	(36,126)
<b>Changes in net assets of governmental activities</b>	<b>\$ 944,382</b>

The notes to the financial statements are an integral part of this statement.

## **RIVERTON CITY CORPORATION NOTES TO FINANCIAL STATEMENTS**

### **NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

Riverton City Corporation (the City) was incorporated on July 3, 1967, as a third class city under the provisions of the State of Utah and operates under a council-city manager form of government. The governing body consists of five elected council members and a mayor. The heads of the various departments, formed to provide various services, are under the direct supervision of the City Manager. The City provides the following services as authorized by its charter: general administrative services, public safety, highway and streets, utilities (culinary water and secondary water), sanitation, street lighting, recreation and parks, public improvements, and planning and zoning.

The City's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The City has the option to apply FASB pronouncements issued after that date to its business-type activities and enterprise funds, and the City has chosen to do so. The accounting policies of the City conform to accounting principles generally accepted in the United States of America as applicable to governmental units. The more significant accounting policies established in GAAP and used by the City is discussed below.

#### **(A) The Reporting Entity**

In evaluating how to define the City for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in the related GASB 14 pronouncement. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency and accountability. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations and accountability of fiscal matters. The other criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the City is able to exercise oversight responsibilities.

The accompanying financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the government's operations.

The Riverton City Redevelopment Agency (RDA) was established to prepare and carry out plans to improve, rehabilitate and redevelop blighted areas within the City. The RDA is governed by a board composed of the members of the City Council. Although it is a legally separate entity from the City, the RDA is reported as if it were part of the primary government because of the City's ability to impose its will upon the operations of the RDA. In conformity with accounting principles generally accepted in the United States of America, the financial statements of the RDA have been included in the financial reporting entity as a blended component unit. The RDA is included in these financial statements as a special revenue fund. Separate financial statements are not issued for the RDA.

The City is not a component unit of any other entity. The City's basic financial statements include all City operations.

## **RIVERTON CITY CORPORATION**

### **NOTES TO FINANCIAL STATEMENTS (Continued)**

#### **NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(B) Government-Wide and Fund Financial Statements**

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The City's general administrative services, public safety, parks and recreation and public works are classified as governmental activities. The City's culinary water, secondary water, sanitation, and street lighting services are classified as business-type activities.

The government-wide financial statements (i.e., the *Statement of Net Assets* and the *Statement of Activities*) report information on all of the nonfiduciary activities of the City and its component units. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The *Statement of Activities* demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those which are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The street light fund is the only nonmajor business type activity and is included as separate columns in the statements for the proprietary funds.

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenue in the year for which they become available. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The use of financial resources to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expenditure. Proceeds of long-term debt are recorded as a liability in the government-wide financial statements, rather than as an other financing source. Amounts paid to reduce long-term debt of the City are reported as a reduction of the related liability, rather than an expenditure in the government-wide financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt-service expenditures, as well as expenditures related to claims and judgments, are recorded only when payment is due.

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**(B) Government-Wide and Fund Financial Statements (Continued)**

Sales taxes, franchise taxes, licenses, interest and earned but unreimbursed state and federal grants associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Property taxes are measurable as of the date levied (assessed) and are recognized as revenues when they become available. Available means when due, or past due, and received within the current period or collected soon enough thereafter (within 60 days) to be used to pay liabilities of the current period. All other revenues are considered to be measurable and available only when cash is received by the City.

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund balance, revenues, and expenditures or expenses as appropriate.

The City reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund. Principal sources of revenue are taxes, licenses and permits and intergovernmental revenues. Primary expenses are for general government, public safety, highways and public improvements, and parks and recreation.

The *Capital Improvement Fund* accounts for the financial resources to be used for the acquisition or construction of the major capital facilities of the government (other than those financed by impact fees or enterprise funds).

The *REDIIF Fund* (Riverton Economic Development Infrastructure and Investment Fund) accounts for the financial resources to be used for the acquisition or construction of the major road projects of the government and to finance economic development. Principal sources of revenue are franchise taxes, grants and other awards for construction of transportation projects.

The *Special Revenue Fund* accounts for the activity of the Riverton City Redevelopment Agency, which accounts for property tax increment revenues from redevelopment areas within the City and will be used to revitalize and upgrade these areas of the City with quality developments. Accounting and financial reporting for general and special revenue funds are identical.

The City reports the following major proprietary funds:

The *Culinary Water Fund* accounts for the activities of the City's culinary water distribution system.

The *Secondary Water Fund* accounts for the activities of the City's secondary water distribution system.

The *Sanitation Fund* accounts for the activities of the City's solid waste collection system.

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

(B) Government-Wide and Fund Financial Statements (Continued)

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments to the General Fund by various enterprise funds for providing administrative and billing services for such funds. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

Amounts reported as *Program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. General revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the enterprise funds are charges to customers of the system. Operating expenses for enterprise funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

(C) Budgetary Data

Annual budgets are prepared and adopted, in accordance with State law, by the City Council on or before June 22 for the following fiscal year, beginning July 1. Estimated revenues and appropriations may be increased or decreased by resolution of the City Council at any time during the year. A public hearing must be held prior to any proposed increase in a fund's appropriations. Budgets include activities in several different funds, including the General Fund, Special Revenue Funds and Enterprise Funds. Annual budgets are also adopted for capital projects which may include activities which overlap several fiscal years. The level of the City's budgetary control (that is, the level at which the City's expenditures cannot legally exceed the appropriated amounts) is established at the department level. Each department head is responsible to the City Manager and City Council for operating within the budget for their department. All annual budgets lapse at fiscal year end.

Utah State law prohibits the appropriation of unreserved General Fund balance until it exceeds 5% of the General Fund revenues. Until the unreserved fund balance is greater than the above amount, it cannot be budgeted, but is used to provide working capital until tax revenue is received, to meet emergency expenditures, and to cover unanticipated deficits. When an unreserved fund balance is greater than 18% of the next year's budgeted revenues, the excess must be appropriated within the following two years.

Once adopted, the budget can be amended by subsequent City Council action. The City Council can amend the budget to any extent, provided the budgeted expenditures do not exceed budgeted revenues and appropriated fund balance, in which case a public hearing must be held. With the consent of the mayor, department heads may reallocate unexpended appropriated balances from one expenditure account to another within that department during the budget year.

Annual budgets for the General Fund, Special Revenue Fund, and Capital Projects Funds were legally adopted by the City and are prepared on the modified-accrual method of accounting. Although Utah State law requires the initial preparation of budgets for all City funds (both governmental and proprietary), it only requires the reporting of actual versus such budgets for governmental funds.

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

(C) Budgetary Data (Continued)

Budgets for the General Fund, Special Revenue Funds and Capital Projects Fund are prepared on the modified accrual basis of accounting. Encumbrance accounting is not used by the City.

Expenditures in the Capital Projects Fund are budgeted annually on a project-by-project basis. Although it is the intention of the City that each project be funded by a specific revenue source, the adopted budget reflects only total anticipated revenues by source.

(D) Tax Revenues

On or before June 22 of each year, the City sets the property tax rate for various municipal purposes. If the City intends to increase property tax revenues above the tax rate of the previous year, state law requires the City to provide public notice to property owners and hold public hearings. When these special public hearings are necessary, the adoption of the final budget must be done before August 17. All property taxes levied by the City are assessed and collected by Salt Lake County. Taxes are levied as of January 1 and are due November 30; any delinquent taxes are subject to a penalty. Unless the delinquent taxes and penalties are paid before January 15, a lien is attached to the property, and the amount of taxes and penalties bears interest from January 1 until paid. Tax liens are placed on a property on January 1 following the due date of unpaid taxes. If after five years, delinquent taxes have not been paid, the County sells the property at a tax sale. Tax collections are remitted to the City from the County on a monthly basis.

Sales taxes and telephone franchise taxes are collected by the Utah State Tax Commission and remitted to the City monthly.

Franchise taxes are collected by natural gas, electric utilities, and cable television companies and remitted to the City periodically.

(E) Cash, Cash Equivalents and Investments

The City considers all cash and investments with original maturities of three months or less to be cash and cash equivalents. For the purpose of the statement of cash flows, cash and cash equivalents are defined as the cash and cash equivalent accounts and the restricted cash and cash equivalents accounts.

Investments consist of bond reserve accounts and accounts at the Utah Public Treasurer's Investment Trust (the State Treasurer's Pool). Investments of the City are stated at cost, which approximates fair value.

(F) Prepays

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

(G) Equity Investment in Joint Venture

The investment in Trans-Jordan Cities Landfill, a 9.27% owned joint venture is accounted for by the equity method of accounting. Under this method, the Sanitation Fund (Enterprise Fund) records its share of the joint venture's net income or loss for each period.

# RIVERTON CITY CORPORATION

## NOTES TO FINANCIAL STATEMENTS (Continued)

### NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

(H) Restricted Assets

Assets whose use is restricted for construction, debt service or by other agreement are segregated on the government-wide and proprietary fund financial statements. When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first, then unrestricted resources as they are needed.

(I) Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, sidewalks, and similar items) are, reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. The government reports infrastructure assets on a network or subsystem basis. Accordingly, the amounts spent for the construction or acquisition of infrastructure assets are capitalized and reported in the government-wide financial statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

Upon retirement or disposition of capital assets, the cost and related accumulated depreciation are removed from the respective accounts. Depreciation of capital assets is computed using the straight-line method over their estimated useful lives as follows:

<u>Assets</u>	<u>Years</u>
Buildings	20 to 40
Building improvements	20
Improvements other than buildings	20 to 40
Vehicles	10
Machinery and equipment	10 to 15
Furniture and equipment	10
Water distribution systems	60
Street lights	30
Streets	30 to 40
Curb, gutter, and sidewalk	40
Storm drain	40
Bridges	40

(J) Unearned Revenue

Unearned revenue arises when resources are received by the City before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the City has a legal claim to the resources, the revenue is recognized.

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

(K) Receivables and Payables

Activities between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as “due to/from other funds” (i.e., the current portion of interfund loans).

Advances between funds as reported in the fund financial statements, are offset by a fund balance reserve account in applicable governmental funds to indicate that they are not available for appropriation and are not available financial resources.

Other receivables at June 30, 2010, consisted of property tax, franchise tax, sales tax, grants and accounts (billings for user charged services, including unbilled utility services). Taxes, grants and utility charges are deemed collectible in full.

(L) Long-Term Obligations

In the government-wide financial statements and proprietary fund types, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums, discounts, and issuance costs are deferred and amortized over the life of the applicable debt. In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

(M) Compensated Absences

Accumulated unpaid vacation and compensation time hours are accrued as incurred. Vacation hours are accrued based on the years of service for each employee and is accumulated on a biweekly basis. Vacation time is fully vested when earned. The maximum annual carry forward of accrued vacation is 160 hours. Compensation time is earned based on FLSA overtime rules and is fully vested when earned. The maximum number of compensation time hours an employee can carry is 80. When an employee leaves or is terminated, his or her accumulated vacation and compensation hours are paid out at the current hourly rate. The General Fund has typically been used in prior years to liquidate this liability for governmental funds.

(N) Fund Balances – Reserved

Reservations of the fund balance represent amounts that are legally segregated for a specific purpose. The reserved fund balances represents impact fees collected, funds reserved for capital project construction and debt service payments. These reserved fund balances are to be used exclusively for future expenditures for the purpose for which the funds were collected.

(O) Fund Balance - Designated

The City Council has elected to designate \$6,362,621 of the unreserved fund balance of the REDIIF Fund for subsequent years’ expenditures on planned construction projects.

(P) Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of financial statements and the reported amounts of revenues, expenditures and expenses during the reporting period. Actual results could differ from those estimates.

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 2 CASH AND INVESTMENTS**

The City maintains a cash and investment pool that is available for use by all funds. Cash includes amounts in demand deposits as well as time deposits. Investments are stated at cost, which approximate fair value. Each fund's portion of this pool is displayed on the combined balance sheet as "cash and cash equivalents" and "restricted cash and cash equivalents," which includes cash accounts that are separately held by several of the City's funds.

The City's deposit and investment policy is to follow the Utah Money Management Act; However, the City does not have a separate deposit and investment policy that addresses specific types of deposit and investment risks to which the City is exposed.

The City's cash and cash equivalents and investments are exposed to certain risks as outlined below:

*Custodial credit risk – deposits* is the risk that in the event of a bank failure, the City's deposits may not be returned to it. As of June 30, 2010, \$1,960,568 of the City's \$2,095,001 balance of deposits was exposed to custodial credit risk because it was uninsured and uncollateralized.

*Custodial credit risk – investments* is the risk that in the event of the failure of a counterparty, the City will not be able to recover the value of its investments that are in the possession of an outside party. The City's investment in the Utah Public Treasurer's Investment Fund has no custodial credit risk.

*Credit risk* is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The City's policy for limiting the credit risks of investments is to comply with the Utah Money Management Act. The Act requires investment transactions to be conducted only through qualified depositories, certified dealers, or directly with issuers of the investment securities. Permitted investments include deposits of qualified depositories; repurchase agreements; commercial paper that is classified as "first tier" by two nationally recognized statistical rating organizations, one of which must be Moody's Investor Services or Standard and Poors; banker acceptance obligations of the U.S. Treasury and U.S. government sponsored enterprises; bonds and notes of political subdivisions of the State of Utah; fixed rate corporate obligations and variable rate securities rated "A" or higher by two nationally recognized statistical rating organizations as defined by the Act.

*Interest rate risk* is the risk that changes in the interest rates will adversely affect the fair value of an investment. The City manages its exposure by investing mainly in the Utah Public Treasurer's Investment Fund and by adhering to the Utah Money Management Act. The Act requires that the remaining term to maturity may not exceed the period of availability of the funds to be invested.

*Concentration of credit risk* is the risk of loss attributed to the magnitude of a government's investment in a single issuer. The City's investment in the Utah Public Treasurer's Investment Fund has no concentration of credit risk.

The City invests in the Public Treasurer's Investment Fund (PTIF) which is a voluntary external Local Governmental Investment Pool managed by the Utah State Treasurer's Office and is audited by the Utah State Auditor. No separate report as an external investment pool has been issued for the PTIF. The PTIF is not registered with the SEC as an investment company and is not rated. The PTIF is authorized and regulated by the Utah Money Management Act, (Utah Code Title 51, Chapter 7). The PTIF invests in high-grade securities which are delivered to the custody of the Utah State Treasurer, assuring a perfected interest in the securities, and, therefore, there is very little credit risk except in the most unusual and unforeseen circumstances. The maximum weighted average life of the portfolio does not exceed 90 days.

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 2 CASH AND INVESTMENTS (Continued)**

Deposits in the PTIF are not insured or otherwise guaranteed by the State of Utah, and participants share proportionally in any realized gains or losses on investments. The PTIF operates and reports to participants on an amortized cost basis. The income, gains, and losses, net of administration fees, of the PTIF are allocated to participants on the ratio of the participant's share to the total funds in the PTIF based on the participant's average daily balance. The PTIF allocates income and issues statements on a monthly basis. Twice a year, at June 30 and December 31, which are the accounting periods for public entities, the investments are valued at fair value and participants are informed of the fair value valuation factor. Additional information is available at the Utah State Treasures' Office.

For the year ended June 30, 2010, the City had investments of \$28,001,937 with the PTIF. The fair value of these investments was \$28,109,923. The PTIF pool has not been rated.

**NOTE 3 INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS**

The composition of "interfund balances" as of June 30, 2010 is as follows:

	<u><b>Interfund Receivables</b></u>	<u><b>Interfund Payables</b></u>
<b>Governmental activities</b>		
REDIIF	\$ 863,741	\$ -
Redevelopment agency	-	863,741
General Fund	453,334	-
<b>Business-type activities</b>		
Culinary water fund	2,152,177	-
Sanitation	-	453,334
Secondary water fund	-	2,152,177
	<u>\$ 3,469,252</u>	<u>\$ 3,469,252</u>

The due to/from other funds are the result of individual funds' cash flow needs. These accounts at the fund financial statement level have been eliminated at the government-wide financial statement level (Statement of Net Assets). Balances are not expected to be paid off within one year.

The purpose of the transfers was to provide cash flows and pay operating expenses. The transfers among the funds for the year ended June 30, 2010 were as follows:

	<u><b>In</b></u>	<u><b>Out</b></u>
<b>Governmental activities</b>		
General fund	\$ 560,875	\$ -
Non-Major Governmental Funds	-	440,000
REDIIF	1,254,353	550,875
Redevelopment agency	-	824,353
	<u>\$ 1,815,228</u>	<u>\$ 1,815,228</u>

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 4 RESTRICTED CASH AND CASH EQUIVALENTS**

Certain cash and cash equivalents are restricted to use as follows as of June 30, 2010:

	Amount
<b>Governmental activities</b>	
Restricted for "C" road funds	\$ 2,751,525
Restricted for unspent bond proceeds	1,844,024
Restricted for impact fees	7,720,018
<b>Total governmental activities</b>	<u>12,315,567</u>
<b>Business-type activities</b>	
Restricted for debt service	1,211,452
Restricted for impact fees	3,472,200
<b>Total business-type activities</b>	<u>4,683,652</u>
<b>Total restricted cash and cash equivalents</b>	<u><u>\$ 16,999,219</u></u>

**NOTE 5 EQUITY INVESTMENT IN JOINT VENTURE**

Trans-Jordan Cities Landfill

The Sanitation Fund has a 9.27% ownership in the Trans-Jordan Cities Landfill (Trans-Jordan), which is accounted for using the equity method. In addition to the City, the Trans-Jordan Cities Landfill is owned by the cities of Midvale, Murray, Sandy, Draper, South Jordan, and West Jordan which own 5.51%, 8.67%, 31.06%, 9.02%, 11.80% and 24.67% of the landfill, respectively. Trans-Jordan Cities Landfill is a separate legal entity and political subdivision of the State of Utah and was formed pursuant to the provisions of the Interlocal Cooperation Act. The City has no firm commitment to make additional equity investments in the Trans-Jordan Cities Landfill.

Trans-Jordan Cities Landfill was formed to construct, operate, and maintain a refuse dumping facility. Trans-Jordan is governed by its Board of Directors. Under the organization agreement, the Board of Directors is appointed by the members. The management is under the Board of Directors, which elects officers and appoints management staff.

The City purchased an equity investment in Trans-Jordan on July 1, 1997. The City agreed to pay a total of \$26,409,000 for an interest in the landfill. In addition to the equity investment, the City will pay the applicable non-member tipping fee for all municipal waste deposited at the Landfill. The difference between the member rate and the non-member rate shall serve as a credit towards the retirement of the purchase amount. Such credits commenced on July 1, 1997. If at the end of the 15 years from July 1, 1997, the credits have not retired the principal sum, the balance of the purchase price shall be forgiven. When the purchase price is paid in full or forgiven, the City will pay the applicable member rate.

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 5 EQUITY INVESTMENT IN JOINT VENTURE (Continued)**

Summarized financial information of the joint venture is presented below:

	Trans-Jordan Cities	Riverton City's Share
Total assets	\$ 23,032,957	\$ 2,135,155
Total liabilities	\$ 4,546,369	\$ 421,448
Total equity	\$ 18,486,588	\$ 1,713,707
Total operating revenues	\$ 4,969,756	\$ 460,696
Total operating expenses	(5,420,975)	(502,524)
Net operating loss	(451,219)	(41,828)
Total non-operating income	435,509	40,372
Net income	\$ (15,710)	\$ (1,456)
Closure and post-closure liabilities	\$ 4,158,375	\$ 385,481

The complete financial statements for Trans-Jordan Cities Landfill for the year ended June 30, 2010, can be obtained from Trans-Jordan Cities, 10873 South 7200 West, South Jordan, Utah 84095.

**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 6 CAPITAL ASSETS (Continued)**

Business-type depreciation expense was charged to functions/programs as follows:

**Business-type activities**

Culinary water	\$ 573,701
Secondary water	690,604
Street lighting	<u>313,304</u>
<b>Total depreciation expense - business-type activities</b>	<b><u>\$ 1,577,609</u></b>

**NOTE 7 GRANTS**

The City receives financial assistance from federal and state governmental agencies in the form of grants. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and are subject to audit by the City's independent auditors and other governmental auditors. Any disallowed claims resulting from such an audit could become a liability of the General Fund or other applicable funds. Based on prior experience, the City administration believes such disallowance, if any, would be immaterial.

**NOTE 8 DEVELOPER AND CUSTOMER DEPOSITS**

Developer and customer deposits are principally deposits from customers that are held by the City for water connections or for construction projects until such time for refund is warranted.

**NOTE 9 UNEARNED PROPERTY TAXES**

In conjunction with GASB pronouncement 33, "*Accounting and Financial Reporting for Nonexchange Transactions*" the City has accrued property tax receivable and a unearned property tax revenue in the General Fund and Redevelopment Agency in the amounts of \$1,626,847 and \$185,000, respectively.

Property taxes recorded in the governmental funds are recorded using the modified accrual basis of accounting, wherein revenues are recognized when they are both measurable and available (expected to be received within 60 days). Property taxes attach as an enforceable lien on property as of the first day of January. Taxes are levied on October 1, and then are due and payable at November 30. Since the property tax levied on October 1, 2010 was not expected to be received within 60 days after the year ended June 30, 2010, the City was required to record a receivable and unearned revenue of the estimated amount of the total property tax to be levied on October 1, 2010.

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 10 LONG-TERM DEBT**

**NOTE 11 DEFEASED DEBT**

The City defeased a portion of the 2000B Water Revenue and Refunding Bonds in the amount of \$5,160,000, which is outstanding at June 30, 2010. The bonds were defeased by placing the proceeds from the 2004 Water Revenue Refunding Bonds in an irrevocable trust to provide for the future debt service payments on the defeased bonds. Accordingly, the trust assets and the liability for the defeased bonds are not included in the City's financial statements.

The City defeased a portion of the 2000B Water Revenue and Refunding Bonds in the amount of \$3,685,000, which is outstanding at June 30, 2010. The bonds were defeased by placing the proceeds from the 2005 Water Revenue Refunding Bonds in an irrevocable trust to provide for the future debt service payments on the defeased bonds. Accordingly, the trust assets and the liability for the defeased bonds are not included in the City's financial statements.

## **RIVERTON CITY CORPORATION**

### **NOTES TO FINANCIAL STATEMENTS (Continued)**

#### **NOTE 12 CONDUIT DEBT OBLIGATIONS**

In March 2007, the City issued Hospital Revenue Bonds Series 2007A to provide financial assistance to a private-sector entity for the acquisition, construction, improvement, and equipment of certain health care facilities deemed to be in the public interest. The bonds are payable solely and exclusively from the revenues arising from the pledge of a note which the private company has given as security for the bonds. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2010 the outstanding amount of this obligation is \$200,000,000.

In October 2009, the City issued additional conduit debt for Hospital Revenue Bonds Series 2009 of \$305,000,000. The bonds are payable solely and exclusively from the revenues arising from the pledge of a note which the private company has given as security for the bonds. Neither the City, the State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements. As of June 30, 2010 the outstanding amount of this obligation is \$305,000,000.

#### **NOTE 13 RISK MANAGEMENT**

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters for which the City carries commercial insurance. This insurance covers all of these risks except natural disasters.

#### **NOTE 14 RETIREMENT PLANS**

##### Cost Sharing Defined Benefits Pension Plans

Plan description: The City contributes to the Local Governmental Contributory Retirement System and Local Governmental Noncontributory Retirement System, all of which are cost-sharing multiple-employer defined benefit pension plans. These plans are administered by the Utah Retirement Systems (the Systems). The Systems provide retirement benefits, annual cost of living adjustments, death benefits and refunds to plan members and beneficiaries in accordance with retirement statutes established and amended by the State Legislature.

The Systems are established and governed by the respective sections of Chapter 49 of the Utah Code Annotated, 1953, as amended. The Utah State Retirement Office Act in Chapter 49 provides for the administration of the Utah Retirement Systems and Plans under the direction of the Utah State Retirement Board (the Board) whose members are appointed by the Governor. The Systems issue a publicly available financial report that includes financial statements and required supplementary information for Systems and Plans. A copy of the report may be obtained by writing to the Utah Retirement Systems, 540 East 200 South, Salt Lake City, UT 84102 or by calling 1-800-365-8772.

Funding policy: in the contributory system, members are required to contribute 6.0% of their annual covered salary (all or part may be paid by the employer for the employee). The City has chosen to contribute 3.82% of the member's required contribution. In addition, the City is required to contribute a percent of covered salary to the respective systems, 7.65% to the Local Government Contributory Retirement System and 11.66% to the Local Government Noncontributory Retirement System. The contribution rates are the actuarially determined rates. The contribution requirements of the systems are authorized by statute and specified by the board.

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 14 RETIREMENT PLANS (Continued)**

Cost Sharing Defined Benefits Pension Plans (Continued)

The City's contributions to the Local Government Contributory Retirement System Local Government for the years ended June 30, 2010, 2009, and 2008 were \$4,369, \$6,161, and \$5,937, respectively. The salaries subject to retirement contributions for the same periods were \$38,092, \$53,901, and \$51,938, respectively. The City's contributions to the Local Government Noncontributory Retirement System for the years ended June 30, 2010, 2009, and 2008 were \$427,039, \$426,104, and \$417,895, respectively. The salaries subject to retirement contributions for the same periods were \$3,662,422, \$3,666,986, and \$3,596,340, respectively. The contributions were equal to the required contributions for each year.

401(k) Defined Contribution Plans

The City sponsors a defined contribution plan under Internal Revenue Code 401(k) through the Utah State Retirement Systems. Contributions may be withdrawn by the employee upon termination or may be used as supplemental income upon retirement. Employer paid contributions for the years ended June 30, 2010, 2009, and 2008 were \$21,232, \$24,887, and \$25,987, respectively. The 401(k) defined contribution monies are not available to the City or its general creditors. Therefore, no assets or liabilities of the 401(k) defined contribution plan are reflected in the financial statements.

457 Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code 457. The plan, available to all full-time City employees, permits them to defer a portion of their salary until future years. Employees are eligible to voluntarily participate from the date of employment and are vested immediately upon participating. The deferred compensation is not available to employees until termination, retirement, death, or an unforeseeable emergency. Employer paid contributions for the years ended June 30, 2010, 2009, and 2008 were \$12,030, \$11,723, and \$10,947.

401(a) Plan

The City participates in the International City Management Association Retirement Corporation (ICMA) 401(a) money purchase plan. This plan has replaced an annuity which was managed by Beneficial Life. The money that was in the Beneficial Life annuity was transferred to ICMA's 401(a) plan after July of 2005. For eligible employees, the City contributes 10% of gross earnings into the 401(a) plan. These funds are the property of each employee. Each employee is 100% vested upon the opening of their account. The City has no claims on these funds. Employer paid contributions for fiscal years ended June 30, 2010, 2009, and 2008 was \$375,546, \$382,668, and \$390,414, respectively.

**NOTE 15 REDEVELOPMENT AGENCY**

In accordance with Utah State law, the City makes the following disclosures relative to the Riverton City Redevelopment Agency (RDA): The RDA collected \$293,876 of tax increment monies for its project areas of which \$0 was paid to developers of the projects. During 2010, the RDA expended \$0 for property acquisitions and site improvements, \$5,626 for administrative costs, and \$693,500 bond payments for an economic development project area.

The RDA had \$0 of outstanding construction commitments at June 30, 2010.

**RIVERTON CITY CORPORATION**  
**NOTES TO FINANCIAL STATEMENTS (Continued)**

**NOTE 16 CONTINGENT LIABILITIES**

The City is a defendant in various claims and suits arising from the ordinary course of business. The City has an insurance policy, which covers any adverse judgment as it applies to lawsuits up to \$2,000,000 per claim. In the opinion of the City's counsel, the resolution of these matters will not have a material adverse effect on the financial condition of the City and any adverse judgment claimed has been accepted by the insurance carrier. There has been no significant change in insurance coverage during the year ended June 30, 2010, nor during the past three fiscal years have the amounts of settlements exceeded insurance coverage.

**NOTE 17 COMMITMENTS AND AGREEMENTS**

The City has entered into an agreement with Jordan Valley Water Conservancy to purchase a minimum amount of water for the next several years.

The City has construction commitments outstanding at year end for projects which have been awarded and construction has begun, but which work has not been completed at year end. Total uncompleted construction commitments at June 30, 2010, was \$102,718 on original contracts totaling \$6,916,098.

**NOTE 18 SUBSEQUENT EVENTS**

Subsequent to year end, Riverton City issued Franchise and Sales Tax Revenue Refunding Bonds, Series 2010 in the aggregate principal amount of \$3,665,000. These bonds were issued to refund the Series 2001 Franchise and Sales Tax Revenue bonds.

# *Statistical Section*

This section of Riverton City's Comprehensive Annual Financial Report (CAFR) provides detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the City's overall financial health.

The five divisions of the Statistical Section are as follows:

**Financial Trends:** Included schedules contain trend information to help the reader understand how the City's financial performance and well-being have changed over time.

**Revenue Capacity:** Included schedules contain information to help the reader assess the City's most significant local revenue sources, property tax, sales tax, and enterprise fund revenues.

**Debt Capacity:** Included schedules present information to help the reader assess the affordability of the City's current levels of outstanding debt and the government's ability to issue additional debt in the future.

**Demographic and Economic Information:** Included schedules offer demographic and economic indicators to help the reader understand the environment within which the City's financial activities take place.

**Operating Information:** Included schedules contain service and infrastructure data to help the reader understand how the information in the City's financial report relates to the services the City provides and the activities it performs.

Sources: Unless otherwise noted, the information in these schedules is derived from the audited financial statements of Riverton City for the relevant year.

Note:

Riverton City receives sales tax revenue from two points; point of sale and a state sharing pool. Fifty percent (50%) of Riverton City's direct sales tax rate (1%) on all taxable sales within the City boundaries is what makes up the point of sale portion, the remaining 50% of Riverton City's direct sales tax rate (1%) on all taxable sales within the City boundary gets put into a State sharing pool which is then redistributed based on the City's population.

Subtotal, overlapping general obligation debt			<u>33,227,146</u>
City direct general obligation debt			-
Total direct and overlapping general obligation debt			<u><u>\$ 33,227,146</u></u>

Note:

Overlapping governments are those that coincide with the geographic boundaries of the City. This schedule estimates the portion of outstanding debt of those overlapping governments that is borne by the residents and businesses of Riverton City. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.
